INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town
as Faithfully Recorded by Our Wide-Awake
Reporter, "Archie McKiver."

Mrs. Walter Pool of the metropolis is visiting her mother, Mrs. L. Lubas of this place.

A big delegation from this place will take in the celebration and races in Sonoma on July 4th.

Mrs. T. H. Baines left Sunday morning for San Jose where she will spend a month visiting with relatives.

A. W. Weaver was a passenger Monday morning on the north-bound Southern Pacific train en route to Santa Rosa.

Jep Valente and James Sterling were here from Sonoma last Monday collecting funds for the celebration to be held in their town on the Fourth of July.

The fair young Adonis, Bill Block, arrived in town Sunday to participate in the baseball game and his presence caused quite a ripple of excitement among our marriageable young ladies.

The Napa Eagles passed through here Sunday on a special Southern Pacific train en route to Agua Caliente Springs where they held their annual outing. Quite a crowd were present from here and report having had a fine time.

Smiles, a fashionable society lad of this burg, is an interesting figure around the postoffice at mail time and occasionally regales a small audience of the sports with the story of his latest conquests among the beautiful fairies who are now enjoying their outings in our midst.

El Verano's baseball team defeated The Tourists' of San Francisco on the Bellevue Hotel diamond Sunday. The game was hotly contested, but the El Veranoites were too strong for the visiting team. The score at the end of the ninth inning stood: El Verano 15; Tourists, 9.

Captain John Francis O'Shea, one of the "finest" of the San Francisco police force, is up spending his vacation. The Captain has been much surprised at the size of his mail since his arrival. Every member of the force it would seem has remembered him, as he had to call on an express wagon to move his mail matter to his quarters at the Villa.

Joe Willis, heavy-weight boxer, is back from Sacramento, still bearing the marks of his late 20-round boxing contest in that city which resulted in a draw.

A large crowd of volunteer firefighters turned out from this place to combat the forest fire which raged furiously near Agua Caliente last Saturday afternoon. They returned to town late in the evening in an exhausted condition.

A beautiful flag pole thirty-two feet in length, complete with gold ball, spindle, truck and halyards, has arrived at the Southern Pacific depot here. Your reporter is informed that it is to be presented to the good sisters of the Presentation Convent by one of our patriotic citizens, and from its top "Old Glory" will proudly flutter in the breeze on Independence Day. *Esto perpetua.* "Long may it wave o'er the land of the free and the home of the brave."

Mr. Franklin Watriss of Agua Caliente made several interesting donations last week to Mr. George Banon, curator of the park memorial museum of San Francisco. Among the articles presented were military saddle, war chest and writing desk, used in the days of '46 by "Fighting Joe Hooker," then a lieutenant of cavalry and who became later on a famous Union general on the bloody battle fields of the Civil War. Several valuable papers bearing on the early history of Sonoma Valley were also presented on this occasion.

A large crowd visited this place Sunday. Among them was a youth from San Francisco who took in the line in the evening and during his meanderings he ran into two of our local sports who were obstreperously inclined. The result was a mix-up and the city chap, who must have been there before, landed a straight right on one of his adversary's eyes, which is in very bad condition at this writing. His companion, who essayed to lend him a hand, was promptly put out of commission also with a right swing handed him by a bystander. The latter then disappeared and has not been seen since and is evidently nursing a badly damaged jaw.

County Health Officer Gist was in town from Santa Rosa last Saturday.

Miss Charlotte McMinn and her mother were down from Santa Rosa last Monday and were entertained by Mrs. A. W. Weaver.

Mrs. W. H. Fields will have as her guest next week her sister, Mrs. Lodwick Jones of British Columbia, Canada. Later on Mrs. Fields' brother, J. P. Jones of Oakland, Alameda county, will join his sisters in a family reunion at the Fields home.

Messrs. Patrick O'Dowd and Daniel Sexton, both prominent in Union Labor circles in the Bay City, are enjoying their vacation out in the western foothills. This is their first visit to old Sonoma and they declare that not since they left "The Kingdom of Kerry" have they struck a valley so like Fir-nan-Oge in Ireland, where doctors and graveyards are unknown.

DEATH OF CAPT. ALONZO SIMMONS.

He Was a Pioneer Resident of
Sonoma Valley, Where He is
Survived by Numerous
Relatives.

Capt. Alonzo Rogers Simmons, a prominent resident of this valley in the early days, passed away at his home in San Francisco on June 22d. The deceased is survived by an aged wife, Mrs. Hannah R. Simmons, and two daughters, Mrs. Carolyn Haraszthy and Mrs. Ella Wade of this city. He was also the stepfather of Ethel A. and Roscoe G. Horn and Mrs. F. Much.

Capt. Simmons was a native of Maine and was aged 77 years. He came to California in the early days and soon after his arrival on the coast located in Sonoma Valley where he lived for a number of years. He removed to San Francisco in the seventies, where he continued to reside up to the day of his death.

Baseball

Tomorrow (Sunday) the Boyes Water Hi-Balls of this city will cross bats with the S. & L's of San Francisco at 2:15 p. m. on the diamond west of the Palace Hotel. The batteries for the former will be Nessi and Smith.

The Hi-Balls defeated the Valentines of San Francisco on the local diamond Sunday by a score of 10 to 5. This was one of the best games of the season, and the Hi-Balls were elated in bringing home the bacon. Owens, a visitor here from San Francisco, lined up with the local boys and played an errorless game and came through with a three-base hit in the seventh inning. Owens also played with the Giants in the afternoon and slammed out two hits which helped the local boys in getting their six runs. He is a ball player from A to Z. Owens will leave us next week and it goes without saying that he will be greatly missed by the Hi-Balls.

The almost invulnerable Giants, the pride of Sonoma's ball-tossers, were defeated by the Detmer's of San Francisco on Sunday afternoon by a score of 7 to 6. Jansen pitched a fine game but his team failed to support him. He fanned 18 men and allowed only 7 hits, but errors caused the Giants to lose a game that they should have won with hands down.

CHISHOLM'S TRIAL COMMENCES JULY 11

Alleged Slayer of John D. Powell
Will Now Face Judge and
Jury to Answer for
His Crime

Judge Seawell has set the trial of Dr. L. C. Chisholm, charged with murdering John D. Powell in a lonely out-of-the-way place near Fort Ross last spring for July 11th.

Chisholm's motive for the crime, as will be sought to be proven by District Attorney Lea, was to secure the insurance on the life of the murdered man. The evidence against the accused is very strong.

This trial, like that of the convicted Dr. Burke, will be an expensive one to taxpayers. Should a conviction be secured by the District Attorney's office the man should be made to answer for his crime forthwith and not turned loose upon the community as was Dr. W. P. Burke, which was an injustice to the District Attorney who prosecuted him, the jury that tried the case and imposed the sentence upon him.

Let us hope for a better ending of the Chisholm case.

Pop Rice is Here With "Kittie Rice," His Famous Trotter

"Pop" Rice of San Francisco is here with his famous black colt, "Kittie Rice," and is making his home at El Verano Villa. He can be seen any day speeding his animal around the valley. He will enter "Kittie" in the Fourth of July race meet of the Sonoma driving club. Pop is not saying much, but keep an eye on that dark horse over which he is holding the reins.

The latter's health having become greatly impaired through long years of service in the Petaluma parish the trip to the Emerald Isle was taken in the hopes that the change of scene and a good rest would restore him to his former vigor. In this Father Cleary was disappointed and his resignation was tendered, and Father Leahy's appointment followed.

California Climate Creates Energy.

"Ten or twenty acres of California soil will produce as much as can be gotten from 160 acres in eastern sections. The soil is better here and the climatic conditions are such as to give the Californian 55 per cent additional energy—in the east 45 per cent of one's energy is used up in fighting the elements, both in summer and winter."

This is the way Vice-President McCormick of the Southern Pacific Company puts it in boosting California's soil and climate.

In commenting on Mr. McCormick's original and happy way of contrasting our soil and climate with that of the eastern states the San Francisco Call remarks.

"It is the calculation of human energy reduced to an exact science as affected by climatic conditions, but without pretending to be critical about figures it is perfectly true that Mr. McCormick's summing up the conditions has a safe basis of fact, notwithstanding that the late Robert G. Ingersoll thought otherwise. Mr. Ingersoll, hastily generalizing without knowledge of the facts and conditions, used to say that the genial climate of California would in a moderately brief time create a race resembling the Mexicans, and that in two generations or so the Californians would be seen of a Sunday morning on their way to a cockfight with a rooster under each arm. It was an amusing prophecy which the facts have already set at rest forever. Mr. McCormick is nearer to the truth. There is no doubt that the climate of California breeds energy."

THE FOURTH OF JULY IN SONOMA.

Celebration Will be on a Big Scale---There will be One of the Most Unique Parades Ever.

A Fiesta in the Plaza Under the Auspices of the Woman's Club, a Patriotic Entertainment and Ball and the Horse Races of the Sonoma Driving Club Will be Some of the Features of the Fourth Here.

The coming Fourth of July celebration in Sonoma will throw all previous celebrations in the shade with its grand parade, the Fiesta in our eight-acre plaza under the auspices of the Woman's Club, the patriotic entertainment and ball in Union Hall in the evening and race meet of the Sonoma Driving Club on its race track in the afternoon.

One of the novel features of the parade, which will be the best ever, will be the Suffragettes from San Francisco. This particular group of strongminded women will arrive in town on the ten-thirty morning train with a brass band led by Prof. Jimweensky. This group of Amazonians will take a position in the parade regardless of the protests of the mayor and chief of police who are said to be women haters anyhow.

Floats, scores of decorated autos and bicycles, vehicles of every description, equestrians, pedestrians in fanciful costumes and martial music will also be features in the parade which will be a spectacular one. It will be led by Grand Marshal Carl Dresel and his aids.

Another novel feature of the celebration will be the beautiful golden-haired mermaid which will be on exhibition in a large tent in the Plaza. This attraction together with the most wonderful bat and the thinnest horse in the world will be most awe-inspiring.

The Prizes

The committee having the parade in charge are meeting with encouraging success and many new and novel features may be looked for. Additional prizes are offered as listed below:

Best feature—First prize, \$10; second prize, \$7.50.
Best decorated auto, \$10.

Hay Market This Week

The condition of the hay market for the week ending June 27th, as reported by Somers & Co. of San Francisco, is as follows:

"Receipts of hay have increased during the last week, much to the detriment of the local market, for trade is so dull that the quantity of hay which is coming in cannot be sold, and as a result quite a quantity is being piled up in the local warehouses. During the week we received 3040 tons in comparison with 2280 tons the week previous. Prices are dragging badly, and there is a decided weakness locally with no prospect for any immediate improvement. Considerable new hay is being offered on the market right along and the quality in general seems to be very good, the hay well cured and generally satisfactory, except that it cannot be sold on the local market except at a loss, for the prices in the growing districts are being held on a higher basis than the markets at points of consumption. There has been but comparatively little new hay baled thus far, and, unless there is a strong demand and the prevailing prices good, the farmers are not inclined to sell until such time as their hay is baled and ready for shipment. It is a general opinion that when baling has progressed sufficiently so that the hay begins to pile up in the fields, there will be a lowering in the range of prices in the country districts. At present it is simply impossible to market hay without loss, and naturally these conditions cannot continue. Either the local markets must advance or country prices decline, and we fear it must be the latter, for trade is so dull, both for export, coastwise shipment and local consumption, that there is nothing at present to indicate any better condition of affairs."

\$100 REWARD \$100

Dairy Inspector to Make His Round

News comes from Sacramento that a deputy state inspector will be sent into this county next week to inspect and report upon the dairies. If they be found in a sanitary condition no harm will be done but should the inspector run across a dairy in an unsanitary condition the owner is liable to arrest. For the most part the dairies of Sonoma Valley are in a clean and sanitary condition and a credit to the industry.

Eggs Advance in Price

There was a slight raise in the price of eggs in the Petaluma, San Francisco and Sonoma markets Wednesday. Local dealers advanced the price to 22 cents and San Francisco dealers to 23 cents. At this time last year eggs were selling by the wholesale 25¢ @ 27¢.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.
Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,

SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for widowhood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

ANOTHER REFORMER GOES WRONG.

This Time it is a Minister Form-
erly of this County. Who is
Charged With Trafficking
in Young Girls

Rev. O. F. De Tovrea, a former
minister of the gospel in this
county, has been indicted by a
grand jury at Ashland, Oregon,
for trafficking in young girls. The
hypocritical divine, who had
changed his name to Horn after
his advent into Oregon, where he
preached in several small towns,
has been identified as De Tovrea
and now occupies a cell in the Ash-
land jail to answer for his heinous
offense.

During the hypocrite's residence
over Petaluma way he preached in
churches at Penn Grove and Bloom-
field, and was an up-to-date re-
former in so far as railing against
the saloons, official corruption and
those other things so dear to the
eminently respectable reformer
who shouts loud and long for re-
form in high and low places in or-
der to distract attention from his
own misdeeds. That De Tovrea
was one of these worthies no bet-
ter proof is wanted than the fol-
lowing letter written to Chief of
Police, Husler of Petaluma by the
Assistant Chief of Police of
Ashland and received by the for-
mer one day this week:

"Dear Sir: Will you kindly
give us what information you can
in regard to Rev. Owen F. De
Tovrea. We have been given to
understand he was pastor of
churches in your vicinity about a
year ago. We are holding him to
the grand jury. It seems he makes
a business of enticing young girls
away. We believe him to be in
the white slave business and his
church papers all forgeries, but he
has managed to pass as a minister
for a few weeks at a time in a
place. Am sending you postal
cards mailed by women to him in
Petaluma which you may use.
Please let us know if he is mar-
ried and all particulars, etc."

E. F. MAGOON,
Assistant Chief of Police.
A Petaluma contemporary in re-
ferring to the denouement, re-
marks: "The people he knew in
this county are greatly surprised
at the disclosures, as De Tovrea
made a good impression on those
he met here." Of course he did,
as all of his kind do, and there-
lies the menace to society from
such of his ilk.

Boxing Bout at the Parente Pavilion

A series of boxing bouts at Pa-
rente's Pavilion, Verano, last night
brought out a large crowd of people
fond of the boxing game. Seated
around the arena and elbowing
with dead game sports were to be
seen staid business and profes-
sional men "obeying the call of
the wild," to quote from Jack
London. It was an orderly crowd
in which every man took a keen
interest in the three principal
events of the evening, the first of
which was in progress when the
Index-Tribune went to press.

The main event was between that
game little scrapper Ray Baugh-
man of Petaluma and Harry Dell
of San Francisco. This will be a
ten-round go at 122 pounds ring-
side.

The minor events will be a four-
round contest between the chink
Chee We and Billy Brannon of
El Verano, at 115 pounds, and Joe
Hill of San Francisco and Kid
Schiff of Salt Lake. This will al-
so be a four-round bout at 125
pounds.

Joe Murphy, the well-known
referee, will be the third man in
the ring for all three bouts, the
result of which will be made
known in next week's issue.

Breitenbach Addition Tract Dis- posed of

All the lots in the Breitenbach
addition to the town of Sonoma
have been disposed of to actual set-
tlers, all of whom will improve
their holdings. Ralph E. Murphy,
who had the handling of the tract,
was so successful in disposing of
the lots, that he contemplates sub-
dividing another piece of property in
another part of the town.

Grass Fire at Agua Caliente— House Burns Down.

A fierce forest fire broke out on
the northeast line of Agua Caliente
park last Saturday afternoon and
for a time menaced every cottag-
e on the tract. Heroic measures on
the part of scores of volunteer fire
fighters, however, arrested the
flames before invading the park
site and thousands of dollars worth
of property was saved from destruc-
tion.

In the meantime the fire had
spread with great rapidity north-
ward and burned over a large area
of mountain land, destroying in its
path the residence and barn on the
old Wooster ranch, which was pur-
chased last year by Mr. and Mrs.
Cohen, who were making their
home on the place.

The Cohens had a thrilling es-
cape from being burned to death.
At one time they were surrounded
by smoke and flames, but a fortu-
nate change in the wind enabled
them to make their way to a place
of safety. They lost everything on
the place.

After burning over the Wooster
ranch the flames continued to
spread to the northward and east-
ward, burning over a piece of ter-
ritory about a mile square. By
this time fire-fighters were on the
ground from every direction and
by back-firing and patrolling the
burned district all night confined
the flames to the burned area.

Aside from the loss suffered by
the Cohens the loss was slight.

City Trustees Meet Next Wed- nesday

The Board of City Trustees meet
in regular monthly session next
Wednesday. Many important mat-
ters will come up for consideration
including the sewer, rock crushing
plant and Carnegie Library build-
ing propositions.

Work on the sewer is progressing
rapidly and Mayor Cummings in-
forms us that he can see no reason
why it should not be completed
and turned over to the city before
October 1st.

The municipal rock crushing
plant was tested last week by ex-
perts and found to be more than
satisfactory, and the city is now in
a position to repair the streets of
the town with the output of the
rock-crusher at a great saving to
the taxpayers.

The Carnegie Library building
proposition, which is to occupy a
site on Sonoma's Plaza in case
Andrew Carnegie makes the prom-
ised \$6,000 donation, is still in the
air, owing to a clash of authority
between the Board of City Trustees
and the Library Trustees. When
this is straightened out to the sat-
isfaction of the great philanthrop-
ist, the building will be forthcom-
ing all night.

Parente's Villa Under New Man- agement

Red McKnight, the new man-
ager of Parente's Villa, has been
making many important changes
at this well known resort, and will
conduct it as a first-class retreat
for families. It will be his aim to
make it second to none in this as
an up-to-date quiet and orderly
resort for those who desire to spend
a few days or weeks in one of the
finest valleys in the world. The
new manager has made many fine
and expensive improvements on
the place. Every room is newly
furnished and lighted with electri-
city. It will be Mr. McKnight's
aim to do everything in his power
to cater to the comfort and pleasure
of his guests. There is a large
gymnasium attached to the villa
and a free moving picture show
and vaudeville performance will
be given every night in the week.
In talking over the management of
the Parente Villa Mr. McKnight
wants it distinctly understood that
he is going to conduct it on the
lines laid down above.

VINEBURG NEWS AND PERSONALS

"Easy Jim" Tells of the Week's Happenings in His Section

Mr. and Mrs. Schild and daugh-
ter are spending a couple of weeks
at the Rhinefarm.

"Ethel Eastlake" will be a con-
tributor to the Index-Tribune
columns next week.

Mr. Adolph Lutgens, after in-
specting the new school house here
last Sunday, visited relatives and
friends in Sonoma.

Viola Vineburg and Jim Small
no longer speak as they pass by. I
suppose it is on account of that
trunk Jim shipped to New Orleans.

Mr. Norbert Becker of Chicago
was a welcome guest at Rhinefarm
last week and seemed well pleased
with this section of the State.

A large number of Vineburg
fans attended the ball game on
Sunday last in Sonoma. No, they
were not sorry, as the Sonoma boys
put up a good game.

Miss Mary Batto, after spending
a few days with her parents, Mr.
and Mrs. John Batto of this place,
returned to San Francisco last
Saturday morning.

Jos. Keechler, superintendent of
the Sonoma Land Co.'s ranches
south of town attended a reunion
of the Elks in Santa Rosa last
Wednesday evening.

Our old friend "Tille Tipton,"
who at one time used to assist us,
has given up writing for the press
and has now a position sewing
sacks in a ice cream factory. A good
thing for the press.

The Hughes chicken colony near
here is the scene of much activity
and many extensive improvements
are under way. At the present
time the colony has 20,000 young
growing chickens on the tract.

On Sunday last there was switch-
ed in on Batto's spur straight
car of choice alfalfa meal, 300 sacks
"Red Star" brand, in a Pennsylv-
ania Union Line Car, No. 558,574.
It strikes me that railroad line
has cars to run.

Well-borers are at work sinking
an artesian well for road sprink-
ling purposes in this vicinity. It
is being bored alongside the county
road just beyond this place. Messrs.
Peirson and Ladlee are doing the
work under the supervision of
road overseer Ed. J. Johannsen.

There will be no celebration in
Vineburg on the Fourth of July
as every one is going to celebrat-
in Sonoma. This is as it should
be. Let every little town and ham-
let in the valley do likewise and
we will have a gathering worthy
of our beautiful little valley.

Mr. Mrs. Benj Weed of San
Francisco spent Saturday and Sun-
day with their Rhinefarm relatives.
Mr. Weed was the principal of the
Sonoma Valley Union High School
a number of years ago and put the
school on the accredited list and
kept it there during his incumbency.
He is the only principal of the
school who has ever been capable
of doing this.

LOW CASTE MANGS.

Hindus Not Only Despise Them, They Fear and Hate Them.

By his fellow Hindu the Mang, one of the lowest of all Indian castes, is not only despised, but even feared and hated. A writer in the Times of India says: "To be cruel is to be 'Mang' hearted." To fly into a passion may be expressed in Marathi idiom as having a Mang within one. When on the occasion of an eclipse fears are awakened for the safety of the sun or moon, it is the Mang whose help is sought. He goes among the people claiming their propitiatory gifts, saying: 'Give your gifts that the grasp may be removed. For are not Rahu and Ketu, the enemies who have laid evil hands on the heavenly bodies, themselves Mangs?' Similarly, to their recognized relation with 'dark' worship and with subterranean and demonic influences is to be traced the making of offerings to Mang women on Daseya day and the sinister fact that there are few great buildings erected in pre-British days in this part of India that have not—whether they be temples or forts or palaces—Mang victims built into their foundations.

"The peculiar place that these popular superstitions have given to the Mang community is seen especially in the ceremonies that are sometimes performed for the removal of disease. Frequently when some one has fallen ill a Jishi is consulted and explains the illness as due to the influence of some evil spirit. The one effective prescription in such a case is to call a Mang and give him a dinner. This is not by any means an act of friendliness toward a despised community, but has as its object apparently the propitiation of the demonic power and the removal of the source of the disease from the sick man to its proper habitation.

"With this end in view practices of sympathetic magic, which can be paralleled in the folk lore of many peoples, are employed. Portions of the finger nails or, it may be, fragments of hair of the invalid are secretly mixed with the food to be given to the Mang, and before the sugar water of which he is to partake is given to him the sick man must see to it. In this way the evil is supposed to be passed back to where it properly belongs and the disease removed.

STAGE REALISM.

Why Jefferson Didn't Have a Dog

Schneider in the Flesh.
It was the privilege of the writer years ago to attend a reception at which Joseph Jefferson spoke on the drama. His treatment of the subject was interesting, the utterance of a man who knew the art of which he spoke. But the most interesting part of the hour came after the completion of the formal address, when an opportunity was given to the audience to ask any questions they wished of Mr. Jefferson. Soon the familiar topic was introduced, the effect of the modern elaboration and realism in stage setting. Mr. Jefferson at once rose to the question. He spoke somewhat rapidly, with a quaint humor and sympathetic charm that were irresistible. He characterized the modern fashion of stage setting as "a tribute to the weakness of the human imagination." "I am often asked," he went on, "why I do not have a real dog Schneider. But if I did none of you would be satisfied. You would go home saying, 'Well, Schneider never looked like that dog!' You love Schneider because you have made him out of a piece of your own heart. And then," meditatively, "if I had a real Schneider some one in the gallery would probably whistle to him at the critical moment, and he would bark and spoil the play, while if he knew his part perfectly and did just what Schneider ought to do—pausing and with his delightful smile—'Schneider would be the hero and not Rip.' Then, with a twinkle of the eye, he summed up the whole matter with the quiet remark, 'Realism with a tail to wag in the wrong place is a dangerous thing.'—New York Post.

Debbling de Crabs.

In the service of a Baltimore family is an old negro cook known as Aunt Sally, and not the least of her achievements is the preparation of sea food. In the kitchen one day Aunt Sally's nephew, a blue-eyed lad from a point where crabs are seldom seen, was watching in breathless interest the old lady's deviling of a dish of such crustaceans. "Aunt," asked he after much reflection upon this mysterious point, "does debbill crabs come from de debbill?" "No, chile," promptly responded Aunt Sally, "but dey is de debbill to make."—St. Louis Republic.

The President's Oath.

The oath of office taken by the incoming president of the United States is the shortest and the simplest required of any ruler on earth. It is prescribed by the constitution and is as follows: "I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and, to the best of my ability, protect, preserve and defend the constitution of the United States."
